Wanted men and teams.

We are now working about 125 men, but we desire to increase this number. We run a large saw mill. We can therefore use twenty two horse teams to haul cross ties. Two loads per day to the rail road can easily be made. Haulers may make more, cash settlements for all ties hauled each week. We can also use twenty more two-horse log teams. This is a good proposition for good log haulers. We can also use forty able bodied white men to work at saw mill and on lumber yard at good wages. We employ no negroes. We have a long steady job, and regular work. Full cash settlements each week for all laborers and all teams, for all work done. For good men and teams we furnish free house and stable. Good healthy place. We are located about 6 miles South East of Hohenwald Tennessee, on the N. C. & St. L. Railroad; and about 3 miles West of Napier on the L. & N. Railroad. Call us up over the phone, write to us at Napier, Tennessee or better still come and see us.

For Sale

Watson's Magazine

The leading exponent of Jeffersonian Democracy. Edited by Hon. Thos. E. Watson, of Georgia, the Father of Rural Free delivery; author of "The Story of France," "Life of Napoleon," "Life and Times of Thomas Jefferson," "Bethany," and other books. Mr. Watson was the People's Party nominee for Vice-President in 1896, and for President in 1904. He is to-day heading a middle class reform movement which is bound to sweep the country in a short time.

WATSON'S MAGAZINE is not a Social list publication. It does not stand for collective ownership of all the means of production. Mr. Watson believes in public or government ownership of rail roads, telegraphs and telephones; in municipal ownership of street railways, gas, electric lights, water works, etc.; and he believes in private ownership of all industries not natural monopolies.

The middle class—the home owners, farmers, small business men, and property owners—won Jefferson's victory in 1800; won Jackson's victory over Nick Riddle's money power in 1832; won Lincoln's victory in 1860. But each time after the flush of victory had died away, they became careless of their rights and went to sleep. They have slept a good portion of the time since 1865, but—

WATSON'S MAGAZINE is waking them up. Another great victory is in the air. Keep in touch with the movement.

School and Business Interests Act Together to boost Lawrenceburg and Lawrence County.

GIVE US YOUR SUBSCRIPTION

On Monday next, for the first time in its history Lawrenceburg will have a daily newspaper. Arrangements have been made to run it during the State Institute and perhaps longer, if sufficient support can be secured to justify its continuance. At present the daily will be the organ of the Educational interest in the County and will be devoted to this cause, and derive its chief support from this source. Already the progress of Lawrence County in school matters has attracted wide-spread notice, and to this more than anything, may be attributed our big advance along all lines of material achievement and development. Mr. White is said to have done more along educational lines than any County Superintendent in the State, and the effects of his magnificent work is being felt in increased business activity, in growing property values, and in the general raising of our standard of citizenship. In all this, he ought to have the cooperation of every good citizen, and this daily newspaper is designed to second and enforce his labors. A careful review of conditions shows the time ripe for an enterprise of this kind. There is room for the daily in the field, of education and progress in Lawrence County. We appeal to our citizens and business men to join in this great work for the general good. Send in your subscriptions, either to this office or to Mr. White; give it advertising patronage, and you will be surprised at the impetus it gives your business. Don't try to crush out this bit of public spirited enterprise, by sneering criticism or starve it by non-support. Now good people, a long pull a strong pull, and a pull altogether for Lawrence County.

Third District,

SUGAR CREEK BOY

MR. EDITOR:—After six worrisome years I again call at your sanctum for admission as one of your correspondents. If you will allow me space I will give you a few items from the old Third.

We had a fine rain last week which was very much needed. Farmers are getting a move on themselves since the rain came.

It is with profound sadness we announce the death of Mrs. Sarah Dougherty, on May 25th, at the residence of Mr. N. P. Harlan, who is a son-in-law of the deceased. Mrs. Dougherty came to visit Mr. Harlan's family and became sick with paralysis and lived about five days after she was stricken. The best of medical aid was summoned but all was of no avail. Mrs. Dougherty was a devoted member of the Missionary Baptist Church, her membership was at Pleasant Grove Church. She was 60 years of age. Her remains was laid to rest at the Second Creek Cemetery, on Saturday following her death. On Friday in the presence of a large concourse of relatives and friends, funeral service was conducted by Rev. W. W. Legg in a very impressive manner. Brother Legg is very popular in the ministry, and is called upon very often on funeral occasions.

Mr. A. D. Legg, who has been in Nashville for sometime, came home several days ago very much improved. His health has been very bad for several months. His many friends are glad to see him on the road to recovery. Andrew has many warm friends in the Third.

Our good friend Ross Durrett became horribly insane a few days ago. We are sorry to say. Ross is a promising young man. He made an effort to commit suicide, but his cousin Alonzo Sills, overpowered him. Disappointment in a love affair is the cause. We hope his mind will be restored.

Well the August election is not far off but there will be county officers to elect Justice of the Peace, Constable, and school Directors. The people should look well to the election of district officials. It is very important, more especially in the election of magistrate. We will suggest the name of W. P. Comer as a suitable candidate for Magistrate. Mr. Comer is an up-to-date business man and would do his duty in the County Court and looks well to the interest of the tax payers. There is quite a difference in Squire and a Magistrate.

FOLLOWING THE FLAG.

When our soldiers went to Cuba and the Philippines, health was the most important consideration.

Willis T. Morgan, retired Commissary Sergeant U. S. A. of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colds, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial trouble and all lung diseases. Guaranteed at W. M. Gallaher, druggist. Price 50c & \$1.00. Trial bottle free.

FORGETMENOT.

It is June, lovely June,
June the month of brides and roses,
June the month when all nature sings
aloud the creators praise,
And earth a paradise of beauty,
We are sorry to hear Miss Lon Freeman is sick. We wish her a speedy recovery.

A. P. Murphy, of Leoma, went to Columbia on business last week.

James Martin Jr. and Mr. Jordan, went fishing last week, but think they killed more time than they caught fish.

Brother Thompson preached at the Rittenberry home Sunday night.
Mrs. James, Miss Sue, Joe and Benjie Martin, attended Sunday School at the Brown School House Sunday.

Mrs. Murphy said she got some of that honey last week.

Hello! Jane I saw you last week. Why don't you come again? I'm sure we would be delighted to hear from you.

I wonder why Taylor goes hunting so much?

Misses Maude Rhodes and Bella Saterbak, were out driving Sunday afternoon.

Mr. and Mrs. Murphy went driving Sunday.

Miss Susie says she would like for Sunday to come every day if she could be with her best fellow.

Miss Ellen Freeman called on Miss Sue Martin last week.

Mr. Earnest don't you like to go out walking?

Peony why have you stopped writing? "Come again."

Hello! Blue Ribbon, how are you anyway?

Oh! say Common John isn't Slim Jim about to get you?

Mr. Brown Freeman and Miss Susie Martin visited uncle Sam and aunt Jane and Miss Sue Freeman Sunday.

Now Common John don't forget to send a bill of your requirements to Slim Jim and let him fill your order promptly.

HOW TO BREAK UP A COLD.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two.
